

CHEEK DANCING IN FASHIONABLE CLUB IS TABOO

Offending Members Are Notified They Will Be Stopped
"Right on Floor."

PITTSBURGH, Aug. 29.—Scandalized by the introduction of suggestive postures on the ballroom floor, the Social Committee of the fashionable St. Clair Country Club has issued a formal edict prohibiting all forms of dancing that offend good taste.

Each member of the club has received this announcement: "Only dignified dancing will be permitted at the dances. Some of the sons and daughters of some of the members, and their guests, have been indulging in dances that are taboo at the club. Cheek dancing, cake walks, struts, crawls and such like are not allowed, and persons indulging in them will be stopped right on the floor. If your family or guests have been violating this rule, you will save them and the committee embarrassment by showing them this notice."

TWO MORE BODIES RECOVERED IN R-38

Lieut. Commander Coll and Rigger Pettit, Americans, Are Brought to Surface.

HULL, Aug. 29.—The bodies of two Americans, Lieut. Commander E. W. Coll and Rigger A. I. Pettit, have been recovered from the wreck of the R-38. Earlier unimportant parts of the wreckage were recovered, and twice the control car was lifted above the surface of the water, but each time slipped back.

The recovery of this gondola is anxiously awaited, because Lieut. Wann believed Commander Maxfield, who was to pilot the ship to America; C. I. R. Campbell, superintendent of the Royal Airship Works and designer of the R-38, and Lieut. G. M. Thomas were in the car with him when the ship crashed.

In view of the lack of progress made so far in the salvage work, Commander Young of the British Admiralty will arrive here to day to take command. Mine sweeping apparatus is being sent to assist in the operations.

British Cruiser Dauntless Will Bring Bodies to U. S.
HULL, Aug. 29 (Associated Press).—The bodies of the American aviators, victims of the destruction of the R-38, will be sent home on the British cruiser Dauntless, which probably will sail from Falmouth.

THREE 125TH ST. STORES ENTERED BY BURGLARS.

Safe Blown Up Some Time Ago Is Ripped.

Thieves paid their usual week end visits to 125th Street stores, three places at the Seventh Avenue intersection reporting burglaries to-day. In the Smith Shoe Store, No. 2104, Seventh Avenue, the thieves went through a safe which had been blown open several weeks ago, but left its contents there. In a cash register they found \$25 in bills and \$7.67 in small change, but left the silver on the basement floor.

Next door, at No. 2102, they searched the Alhambra Photo Studio, but took only some papers. In the next place, a leather goods shop run by Henry Weissman, which fronts at No. 201 West 125th Street, they took some headed bags and \$14 in bills from the cash register.

BANDITS HOLD UP TROLLEY AND FIRE ON POLICEMAN.

Negroes Escape After Robbery and Revolver Fight in New Jersey.

Two negroes, both armed, held up Thomas Sokach, operator of a one-man trolley car of the Bayview line, early to-day at the Long Branch railroad tracks on the south end of Elizabeth, N. J. They took \$25 and a \$40 gold watch. The Elizabeth police sent an alarm to surrounding towns. A Linden patrolman saw two negroes coming from the direction of Elizabeth at 2 A. M. He stood behind a tree. When the pair approached, he stopped toward them. The negroes pulled guns and fired upon him. He fired several shots in return. Apparently no one took effect. A posse of Elizabeth and Linden patrolmen started for the pair without result.

Dempsey, Too, Shares With Movie Stars in Demonstration at Theatre Entrance That Calls Police Reserves.

Douglas Fairbanks, Mary Pickford, Charlie Chaplin and Jack Dempsey went to the Lyric Theatre last night and caused a near riot that necessitated the police reserves. It had been announced they would be there, and more than 1,000 persons were waiting outside. It was a friendly crowd, except that everybody within reach wanted to pluck a button as a souvenir. The stars were unable to get into the theatre until a score of policemen

U. S. REVENUE FALLS OFF \$812,000,000

New York Pays Virtually One-Fourth of All Taxes Levied by Federal Government.

WASHINGTON, Aug. 29.—Internal revenue collections from all sources during the fiscal year 1921 decreased more than \$812,000,000, as compared with the previous year, while the cost of collection advanced from 53 cents to 58 cents for each \$100 collected, according to a preliminary statement issued by Commissioner Blair.

Total collections for 1921 amounted to \$1,352,009,765, against \$5,407,580,251 in 1920, while income and profits taxes yielded \$3,225,790,653, compared with \$3,956,936,000 the previous year, and miscellaneous taxes produced \$1,369,210,112, against \$1,450,644,248 in 1920. New York State paid virtually one-fourth of all the taxes collected.

New York, with a total of more than \$1,000,000,000, produced the most Federal revenue among the states, and Pennsylvania was second with nearly \$498,000,000. Income and profits taxes and total revenue collected by New York and other states follow:

New York, \$13,518,604 and \$1,124,162,740; New Jersey, \$36,892,839 and \$1,122,389,205; Pennsylvania, \$251,880,740 and \$487,754,847; Massachusetts, \$214,336,069,809 and \$42,221,970; Connecticut, \$49,187,115 and \$71,372,388.

ENGLISHMAN GETS LARGE SOVIET MINING CONCESSION.

Will Operate Property in Siberia He Once Owned.

MOSCOW, Aug. 29 (Associated Press).—Soviet Russia has virtually completed the terms of a concession to Leslie Urquhart of London whereby he will be permitted to operate extensive mining properties in Siberia which he formerly owned, Leo Kameneff, head of the Russian Finance Commission, has told the Associated Press.

He added that other large concessions doubtless would be concluded with other foreigners in accordance

New Yorkers For A Day Or Two

German Banker Glad His Country Lost the War—Largest Organ Factory Is in Canada—No Other City So Wonderful From Aloft as New York, Say Bulgarian Birdmen.

By Roger Batchelder.

"Germany is working, and working hard, and is coming back to normal faster than any other country in Europe on that account," said Day S. Block, who is at the Pennsylvania and has made four trips to Germany in the last eighteen months. "I am not basing my observations on the assurances of bankers and merchants," he continued. "I have gone to the back streets of Berlin, talked with the workmen and visited their homes."

"It is true the German is loath to admit his guilt for starting the war, and that he was rather up in the air when the reparations terms were imposed. But to-day, apparently, he realizes that payment must be made and has made up his mind to get the unpleasant task over as soon as possible."

"Not only the German workman but also the upper classes realize that Germany was defeated. A prominent banker said to me recently, 'Thank God we did not win the war.' He explained that unusual exclamation by adding that if his country had been victorious, life would now be insupportable."

Chaplin arrived in the city yesterday on his way to England, which he will visit for the first time since he left there nine years ago, an obscure vaudeville performer. He expects to be away two months. Incidentally he announced he was tired of playing the buffoon, and that his current pie days will be over on his return. He will not forsake comedy, but will get away from the slapstick kind. He has no ambition to play Hamlet, he said, but would like a try at Beau Brummel.

with the Government's new plan to invite foreign capital to invest in Russia. All lands, minerals, salt and oil will remain state property, however, he said.

Pinned Under Taxi, Injuries Night. Dr. Agnew Oscar Spier, No. 51 East 96th Street, was slightly injured this morning in an automobile accident at 175th Street and Honeywell Avenue. He was in a taxi owned and driven by Louis Bloom, No. 225 East 96th Street, driving east in 175th Street, when the taxi hit a larger car, owned and driven by Daniel Schermer, No. 2005 Honeywell Avenue. The taxi was turned over and Dr. Spier was pinned underneath, but went home after being treated for abrasions at the Fordham Hospital. Nobody else was hurt.

the office door. I paced the floor in impressive silence for a moment, then turned to my caller and in a low but stern voice I asked: 'Mr. Blank, are you aware of the severity of the judicial penalty imposed for the crime of incendiarism in this State?' " 'Well, no,' he replied in a somewhat conciliatory tone. 'I hadn't thought of that. Guess, maybe, I'd better be going' and charge the umbrella to profit and loss. Good day.'"

STE. HYACINTHE HAS WORLD'S LARGEST ORGAN FACTORY.
"My native town, Ste. Hyacinthe, Canada, is one of the oldest French cities in the Dominion," remarked Wilfred Givernard, who is at the Pennsylvania. "It is also the site of the largest organ factory in the world. For many generations the men of certain families have worked there and the result is a sort of family inheritance which takes great pride in its work and in maintaining the standard of the church organs produced."

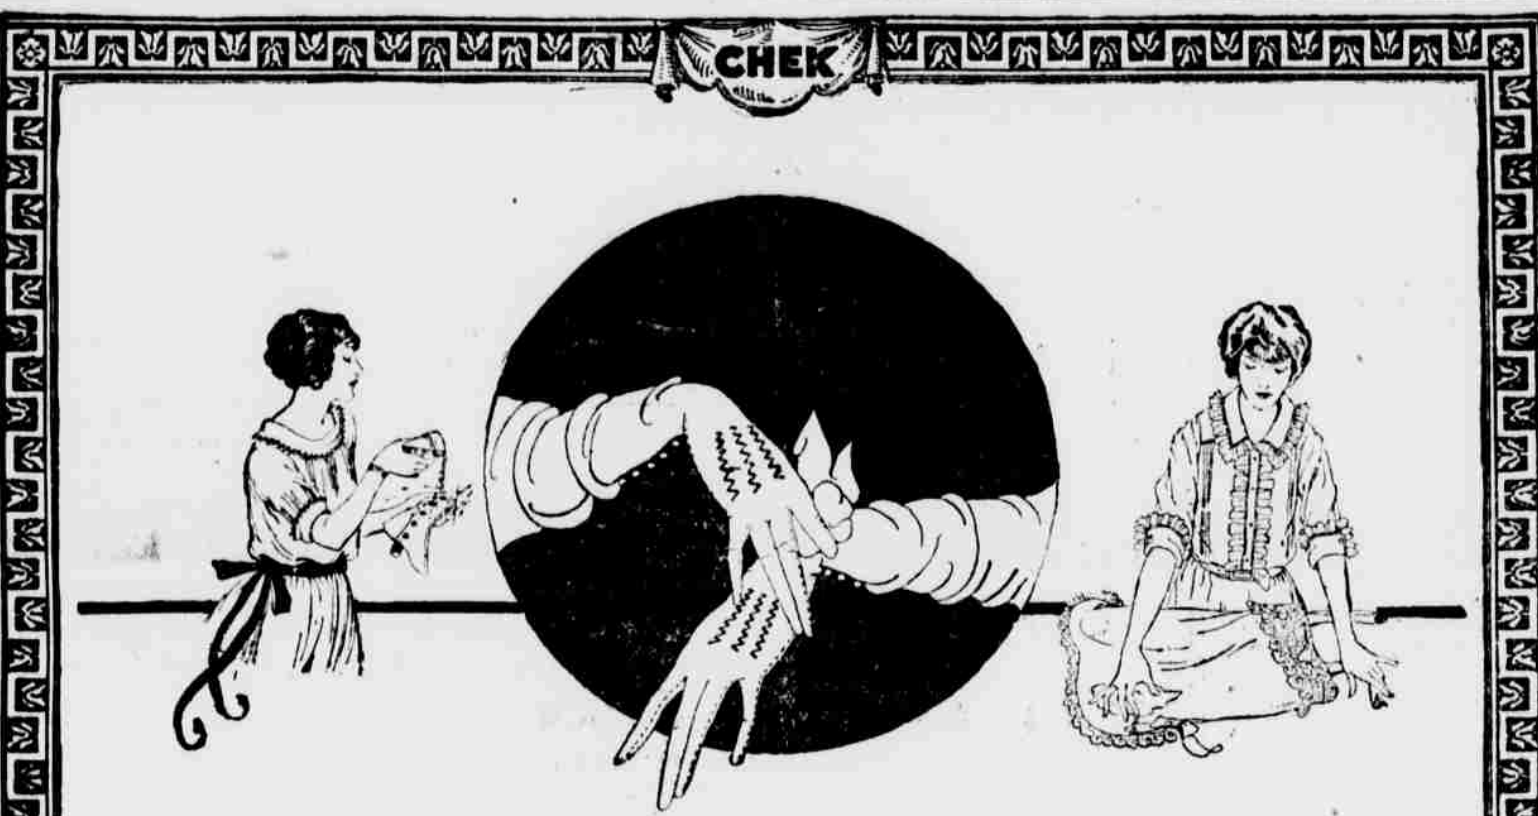

ADVISES NEW YORKERS TO SEE CITY FROM AIR.
"We have never seen such a wonderful city as New York," declared Asen Jordanoff and Alexander Stoyanoff, Bulgarian aviators, who have come here to compete in aviation events and are at the Biltmore.

"During our many flights," Mr. Jordanoff went on, "we have had bird's-eye views of many cities, but none has the majesty and the appearance of tremendous industry of New York. I should advise New Yorkers who have not yet seen their city from aloft to seize the first opportunity to go up in an aeroplane. Then, as never before, they will understand and appreciate it."

FARTHEST FROM HOME.
The "New Yorker for a Day or Two" who is farthest from home to-day is Jules Malengreau, who is at the Pennsylvania. His home town, Buenos Ayres, is more than 8,000 miles from this city.

Chek—the Dry Cleaner with a New Use

CHEK, the really remarkable dry cleaner, non-inflammable and with no lasting odor, meets the ever-arising needs of home use, and that without danger to color or texture of the most delicate fabrics or heavy woollens.

And the new, exclusive use of Chek—its ability to protect against moisture, makes it indispensable in every home. Articles such as gloves or spats, or satin slippers, which have been thoroughly cleaned with Chek are made resistant to soiling. This remarkable quality is due to an invisible film on the weave left by Chek, which repels moisture. Nearly all spots are due to moisture, and since the Chek film protects against penetration, most staining liquids may be flicked off before the fabric can be damaged. Chek-treated armholes or waist bands resist much of the damage due to perspiration.

Ask your druggist about Chek for taking out spots quickly and for making things stay clean longer. Chek is the product of laboratory research and has been scientifically tested and improved. It is economical to use because it does its best work when applied sparingly.

Get a bottle of Chek from your druggist today.

Chek Concentrate—at your dry cleaners

* Chek Concentrate to which Chek, the dry cleaner, owes its moisture-resisting qualities, is applied by dry cleaning establishments to bulky articles—suits, coats and dresses—to make them resist moisture and staining liquids. Articles so treated remain pressed longer and the "life" of the fabric is increased. All branches of Barrett Nephews & Co., Old Staten Island Dyeing Establishment, will apply the Chek treatment to garments, furnishings, etc.
